

To learn more:

For more information about this exciting new suite of mapping productivity tools from Sidwell, contact our Parcel Builder team today.  
Phone: 630.549.1070  
Email: PBinfo@sidwellco.com

*Sidwell's state-of-the-art production facility, located in St. Charles, Illinois*

**GIS Services from Sidwell:**

**Geodatabase model design**

*ESRI developer & Business Partner with proven implementation experience*

**Orthophoto capture & creation**

*Complete in-house photogrammetric capabilities*

**Cadastral Map Development & Maintenance**

*The most experienced GIS & mapping professionals in the industry*

**Comprehensive Map Editing Tools**

*The most productive & manageable workflows available*

**GIS Implementation & Training**

*Education on all aspects of GIS, including ESRI® software*

Parcel Builder-MapEditor™  
Tool Summary

from

**PB Annotation Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Construct Straight Annotation & Increment Text		X			X	
Construct Horizontal Annotation & Increment Text		X			X	
Export Annotation Classes		X			X	
Export Selected Annotation Features		X			X	

**PB Cartographic Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Place Break Tic		X	X			
Place Corner Tic		X	X			
Place Double Arrow		X	X			
Place From-To Mark		X	X	X		
Place In-Out Mark		X	X	X		
Place Monumentation		X	X			
Place Ownership Hook		X	X	X		
Place Single Arrow		X	X			
Place Tic		X	X	X		

**PB Drawing Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Copy Features with Tag	X	X	X	X	X	X
Subdivide Block	X	X	X		X	
Place Fillet Curve	X	X	X			
Place Two Lines	X	X	X			
Place Circle	X	X	X	X		
Copy Parallel Using Cursor	X	X	X			
Copy Parallel with Tags	X	X	X			
Corner Two Lines		X	X			
Cul-de-sac Using Cursor	X	X	X			
Save Cluster Tolerance for Construct Features		X	X	X		
Construct Features Using Saved Tolerance		X	X	X		
Set Traverse Offset		X	X	X		

**PB Linear Editing Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Tag Inspector	X		X			
Tag Assigner	X		X			
Tag Administrator	X		X			
Tag Identifier	X		X			
Create Tag Layer	X		X			
Create Intersections	X	X	X			
Proportion Line	X	X	X			
Break Line by Point	X	X	X			
Modify Length of Line		X	X			
Update Alpha Tag	X		X			
Break Lines at all Vertices with Tags	X	X	X			

**PB Polygon Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Link PIN to Polygon		X		X		X
Transfer Point Values to Polygon		X		X		X
Find Area in Lines		X	X	X		
Measure Area		X	X	X	X	X
Subdivide Polygon		X		X		

**PB Topology Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Find Dangles		X	X			
Find Dangles in Selection		X	X			
Find Overlaps		X	X	X	X	X
Check Tag Topology	X		X			
Find Polygons with Multiple Points		X		X		X

**PB Utility Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Display Selected Vertices and Endpoints		X	X	X		
Display Vertices and Endpoints		X	X	X		
Display Selected Directional Arrows		X	X	X		
Cycle through Selected Features		X	X	X	X	X
Cycle through Selected Features and Zoom		X	X	X	X	X
Visible Scale Manager		X	X	X	X	X
Describe Layer		X	X	X	X	X
Arc Identifier		X	X	X	X	
Move Selection Anchor		X	X	X		X
Measure with Snapping		X	X	X	X	X
Select Features by Geometry Shape		X	X	X		
Measure Angle Between 2 Lines		X	X	X		
Hyperlink Administrator		X	X	X		X

**PB Edit Tasks**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
PB Add Tagged Line <small>Task: Add Tagged Line</small>	X		X			
PB: Add 2-Point Tagged Line	X		X			
PB Break Line (w/ Sketch) <small>Task: Break line (w/Sketch)</small>	X	X	X			

**Parcel Builder Toolbar**

Tool	Uses Tag Model	Works Outside of Tag Model	Tool Works with the Following Geometry:			
			Linear	Polygon	Annotation	Points
Parcel Administrator Listener: Historical Archive Search		X		X		X
Parcel Builder Workflow	X	X	X	X	X	X
Parcel Builder Workflow Next Step	X	X	X	X	X	X
Anno/Carto Conversion		X	X		X	
Hyperlink Conversion		X	X	X		X
